CALLEY THROWN TO THE WOLVES...

By FRED FARREL

Organized Jewish money can buy practically anything in the U.S.A. Among other things recently bought by Jewish money was the hide of a first lieutenant of the U.S. Army named William L. Calley, Jr. The purchase of Lt. Calley's epidermis by wealthy Jews carries implications of profound import to the U.S. Armed Forces. It is important for the public to understand all of the factors involved in the court martial of Lt. Calley at Fort Benning, Ga. The trial of Lt. Calley took place for one reason, and for one reason only, because Jewish money willed it to take place.

I have observed that money often has a peculiar effect upon bipeds of the genus homo. It will cause them to mount witness stands and tell lies by the yard. P. G. Wodehouse once called money "The stuff that causes French Revolutions and Declines and Falls of Roman Empires." It is also the stuff which causes junior officers like Lt. Calley to be court martialed to serve ulterior purposes largely unknown to the wider public.

The injury to the armed forces will be immense. Gen. James M. Gavin has said that the conviction of Lt. Calley was "Devastating in its implications for the morale of the Army. Junior officers are bound to feel that they are carrying the terrible burden of the war, and that the buck stops with them."

The obvious intent of the Calley trial was to injure the Armed Forces of the United States. Some of the parties involved claimed that they were motivated by idealism or by sympathy for the hapless people of My Lai. It is the special talent of the Jews, when they are up to some great rascality, to mask their villainy with counterfeit idealism. The cynical little brown people of My Lai would laugh at the garbage which the Jewish press has printed about the Calley case. I myself feel a deep and genuine sympathy for the people of Vietnam. I first visited Vietnam 35 years ago, when Vietnam was a slave pen operated by French big business with the help of the Communist Party. In those days, Ho Chi Minh was a stool pigeon for the French colonial police. I knew the old rascal quite well, and hoped that some day the charming people of Vietnam would be delivered from the clutches of the businessmen and the Communists, who pretended to fight each other but actually worked closely together to dominate the people. Any defense I might make of Lt. Calley will not be based upon a callous attitude toward the Vietnamese. Rather, it will be a deep exploration of the motives of the evil rabble

who have traded cynically and profitably in the hides of Vietnamese and Americans alike.

First, let us examine the source of the money which bought Lt. Calley's hide. It is **JEWISH** money. The publicity campaign which brought about the trial of Lt. Calley was financed by the "Philip M. Stern

Cover-Up for Real Massacre

What must not be forgotten is the apt timing of My Lai publicity. It was an excellent "cover-up" for a vast and real massacre in Vietnam in the same month. This massacre took place during the brief communist occupation of Hue.

The Reds herded together 5,000 civilian captives. So far over 3,000 mutilated bodies have been found. According to Representative Roman Pucinski of the special Congressional Committee, which in 1952 investigated the Katyn massacre, the similarity between Hue and Katyn was unmistakable. But when did you hear *one word* about Hue ??? Don't you think every soldier's mother in America should demand to know why?

What further proof is needed of the hypocrisy of the present uproar about My Lai? Can it be an honest expression of bonafide outrage by the high command about the alleged "My Lai massacre"? Certainly not!

Foundation." Philip M. Stern is the 43-year-old son of Edgar Stern, late president of the New Orleans Cotton Exchange and grandson of Julius Rosenwald, of Sears, Roebuck fame. The habit of starting "funds" and "foundations" seems to run in the family. The Rosenwald fund supplied eighteen million dollars to Leon Trotsky to help bring off the October revolution in Russia. The Rosenwald fund also bankrolled Ralph Bunche, Marion Anderson, Ralph McGill, and James Baldwin. Among other noble charitable enterprises bankrolled by the Sterns we find a gang, **Thugs United, Inc.** This is a gang of Negro criminals, whose depredations against society are financed and encouraged with the money of this wealthy Jewish clan. The Sterns also have given \$30,000 to the **Suburban Action Institute**, whose purpose is to promote the movement of Negroes into white suburban areas. This family owns WDSU-TV in New Orleans. New Orleans TV viewers are now treated to a great many jingles, cartoons, and spiels designed to promote "interracial harmony." The people are told many times daily that the thing for different races to do is to get together, interbreed, amalgamate. The Sterns are heavy contributors to the Anti-Defamation League, the American Jewish Committee, and the American Jewish Appeal. They are also the principal financial backers of Ralph Nader. Among other things, they promote the I.Q.C. Lamar Society which typically "Cuts across racial lines." The Sterns are a busy bunch of little bees, behaving in the standardized fashion of the Jewish rich in America. The name of the game is to build Jewish power. A Mrs. Ascoli, sister of the owner of WDSU-TV, was formerly married to a Soviet espionage agent, who later turned up in Hanoi, making propaganda broadcasts for the Viet Cong. After her husband had gone the way of all Soviet agents, Mrs. Ascoli became engrossed in "mental health" programs with a strong Marxist tinge.

Stern Family Gets Around

This family really gets around. Oldsters who remember the days of the Third Reich may remember news stories about Martha Dodd, daughter of the then U.S. Ambassador to Germany. For a time Martha Dodd achieved a certain fame as an alleged Neo-Nazi. Actually, she appears merely to have enjoyed horsing around with handsome young officers of the S.S. She achieved proper political orientation when she married Alfred Stern. Later, this precious couple found it expedient to betake themselves behind the Iron Curtain and reside in Czechoslovakia, to avoid prosecution for (Continued on Page 2, Column 1)
